

Begging To You

Kitty Wells

I left you this morning couldn't take it anymore
You laughed and you dared me to walk out the door
You said that I'll come back you knew what I'd do
And you know you were right cause I'm back here tonight begging
to you
I won't disappoint you I'm begging to stay that's what you want
ed to hear anyway
It must make you happy to make me so blue

What a pitiful sight I must be tonight begging to you
You don't want my loving but you let me stay around
I guess just to walk on so you won't touch the ground
To you it don't matter what you cause me do as long as you keep
me begging to you
