

## Is It Really Over?

Kitty Wells

Is it really over?  
Is it the end of the line?  
Don't tell me I'm losing  
The love that was mine

If you're really leaving  
Take some part of me  
So I'll always remember  
How sweet love used to be

I wonder who's stepping into my shoes  
Who can she be?  
I can tell by your eyes  
Our love has died and it's over for me

I wonder who's stepping [unverified]  
Really over for me
