

The Easy Part's Over

Kitty Wells

The easy part's over now it's time to cry
The easiest part of all was saying goodbye
The easy part's over now and you are gone
Now comes the hardest part living alone

Time is the only friend that I have left here with me
But can those healing hands of time erase your memory
The easy part's over now, we've come to the end
The easy part's over now and the hard part begins

Time is the only friend that I have left here with me
But can those healing hands of time erase your memory
The easy part's over now, we've come to the end
The easy part's over now and the hard part begins
