

## What Locks The Door

Kitty Wells

You can't relive your past with the dream that's gone  
You can't find love that will last in your world alone  
A hurt so tall has built the wall where fate begins  
What locks the door to the world you're living in

What locks the door to the world you're living in  
What kind of key do I need to get in  
I tried anything from solid gold to cent  
What locks the door to the world you're living in

Somehow, someday I'll find the way to warm your heart  
And take anyway this thing that's keeping us apart  
I need you now but even more I need you then  
What locks the door to the world you're living in

What locks the door to the world you're living in  
What kind of key do I need to get in  
I tried anything from solid gold to cent  
What locks the door to the world you're living in
