Call me tufado, far gone  
Who the new king  
Who the new king  
Atilala, who is a king into you  
Who the new king, who is a king into you  
Who-who dey sing into you  
By the time am aged and gone  
My music go stay far long  
Call me tufado  
Back in the days when boys dey lay low  
Now them'a holla from Chicago  
Where I come from nobody can go there

Can go there, nobody can go  
Nobody can go there, nobody can go  
Nobody can go there, nobody can go  
Nobody can go there, nobody can go  
Can go there

Who the new king  
Who the new king  
Atilala, who is a king into you  
Who be the new king, kinging  
Certainly the game changer  
Shey bi awon nani...  
Well am sitting here  
No drama, no voting, no collecting  
No collabo still collecting  
On my own ama show them am royalty  
Where I come from nobody can go there

Can go there, nobody can go  
Nobody can go there, nobody can go  
Nobody can go there, nobody can go  
Nobody can go there, nobody can go  
Can go there

Who the new king  
Who the new king  
Atilala, who is a king into you  
Who the new king, who the new king  
Atilala, who is a king into you
