

## Sin City

Kizz Daniel

I say bad man dapper than them  
That's the reason them vex  
That's the reason them block my way  
The reason them sketchy  
Bad man sharper than them  
That's the reason I pray  
That's the reason I up my game  
The reason I play safe  
Dexter in the city in between  
We're making milli-billi ya  
Follow the baba  
Far do ain't new to this  
Started from the ghetto zero to hero  
We killed them all finally, baba  
Wan lo ti shey e'mi far do the prodigy

I can't shout, I can't kill a man  
I can take another brother girl straight to bed  
Me freaky  
Welcome to sin city

I say, Kiku ma pa mother mi  
I say, Kiku ma pa father mi

I say they can't believe that I smoke no Kush  
That I'm the one them choose  
Not that other guys ain't cool but  
Cool push me and I push cool  
Who push them?  
Finally, if I don't see past them  
I no know them but still fams them  
Poku l'owo mi and I still dash them  
Bad boy team, nobody die  
Ka lo l'olumo ka lo mu tonic and gin  
Pills don't scare me, tonic and gin

I say, Kiku ma pa mother mi  
I say, Kiku ma pa father mi
