What type of color  
What type of color  
What type of color is your skin color  
What type of color  
What type of color  
What type of color

Your looks don't matter  
Is what you do that counts  
And your lips don't matter  
Is what you say that counts  
Let the whole world know  
When you look at me  
See me for me  
And not the color of my skin

I got a really dark skin and I like it like that  
A really white skin and I like it like that  
Everybody know I'm in my own zone  
I'm a king, I'm a queen cuz I cuz I cuz I say so

Tell the barman put a liquor more  
Tell my mama I'll be gone for so long  
Everywhere I go, I'll surely come home some day  
I wanna see the rest of the world

Wayo wayo wayo  
All alone, in a cold cold world  
Singing kumbaya on the mountain top  
And getting freaky freaky freaky freaky

Your looks don't matter  
Is what you do that counts  
And your lips don't matter  
Is what you say that counts  
Let the whole world know  
When you look at me  
See me for me  
And not the color of my skin

I pray that I wake up one day and there ain't war outside  
And on the TV all I see yeah that's homicide  
They tryna pit you against me, conquer and divide  
Don't believe everything I read when I scroll online

Skin, skin  
Black or white  
Brown or red  
All of dem nice  
Shine bright like the star, shoot like one  
And I've got all the power in me  
Life is such a beautiful thing  
I wanna live on forever  
Make nobody hold me back  
This is my life and I owe it to Jah  
To be awesome, awesome  
Skin, skin

Wayo wayo wayo  
All alone, in a cold cold world  
Singing kumbaya on the mountain top  
And getting freaky freaky freaky freaky freaky

Your looks don't matter  
Is what you do that counts  
And your lips don't matter  
Is what you say that counts  
Let the whole world know  
When you look at me  
See me for me  
And not the color of my skin

Your looks don't matter
