Kizz Daniel

I don't need no liquor
I'm intoxicated by you
You don't need a decoy
I'm so attracted to you
I'm falling for you
But I've fallen for somebody too
And I wish I can have the two
But I know say I fit loose the two

I wish I met you sooner
I fit no dey with Muna
I wish I met you before
Before my heart go conform

Girl I wish I met you really
E dey body like collagen
I for dey dey for your caban
Pon me pon me

Eyo eyo eyo eyo eyo
Baby make I catch your love your love your love your love
Your body fine like so so so so so
And you can be mine and more more more more more
But I wish that I met you sooner

Malo shey gara gara
Koma loshey yanga yanga yanga
I am choked and taken
But I trip for you pieces
Light one kinky
If anything I can do
Baby let me know make I run through
Be calling you boo too
Cos I don't wanna leave you single

I wish I met you sooner
I fit no dey with Muna
I wish I met you before
Before my heart go conform

Girl I wish I met you really
E dey body like collagen

I for dey dey for your caban
Pon me pon me

Eyo eyo eyo eyo eyo
Baby make I catch your love your love your love your love
Your body fine like so so so so so
And you can be mine and more more more more more
But I wish that I met you sooner

Malo shey gara gara
Koma lose yanga yanga yanga
I wish I met you sooner
I fit no dey with Muna
I wish I met you before

Before my heart go conform
