As I enter my town when I see her
Pretty fine girl Monalisa
The body wey she carry na waya, na waya
And many men wanting to toast her
E be like say nothing dey freak am
The body wey she carry na waya, na waya

And you know na for better or worse my lady o
Together with you my babe
No matter what dem talk
So I say

Put your love upon me upon me upon me
But I supposed to marry someone like me like me like me
Baby no dey dull me, no dey whine me, ehneh
You better say yes, you better say yes oh
