

## Beastmode

KJ-52

I'm going in  
Keep it on ten  
I gotta win  
That's beastmode, beastmode  
Ay, I'm going in  
Ay, keep it on ten, yeah  
I gotta win  
That's beastmode, beastmode  
I'm going in  
Keep it on ten  
I gotta win  
That's beastmode, beastmode  
Ay, I'm going in  
Ay, keep it on ten, yeah  
I gotta win  
That's beastmode, that's beastmode  
That's beastmode

Whatchu think, it won't come back?  
Whatchu think, it won't gon' last?  
Last night the crowd all stacked  
Like 42 cats in a duffle bag packed  
No time just to run on back  
I shine for the son of man  
I got two rhymes like a gun, in fact  
That I squeeze and I pop like it's bubble wrap  
And I blast smash with a new clique  
Outlast and spazz when the groove hit  
Keep the word on my mouth when I do this  
Like a toothpick on my two lips  
Ah, but I just been a nuisance  
See ever since I camem brand new since  
I think big like my brain is a 2X  
So you can just snack on my two cents  
Take that, take that when I boost it  
See I'm a just rap till you boost it  
Don't nap, it slaps when the crew flex  
See I'ma turn moments to movements

Soon as I'm walking and popping the door  
I'ma go, I'ma go beastmode  
All that I'm knowing I'm losing control  
I'ma go, I'ma go, I'ma go beastmode  
I ain't just stopping before reaching my goal  
I'ma go, I'ma go beastmode  
I ain't shaken, I'm breaking the mold  
I'ma go, I'ma go, I'ma go beastmode

I'm going in  
Keep it on ten  
I gotta win  
That's beastmode, beastmode  
Ay, I'm going in  
Ay, keep it on ten, yeah  
I gotta win  
That's beastmode, beastmode  
Ay, I'm going in

Keep it on ten  
I gotta win  
That's beastmode, beastmode  
Ay, I'm going in  
Ay, keep it on ten, yeah  
I gotta win  
That's beastmode, that's beastmode  
That's beastmode

and I don't need to earn that clout  
Bar up like I work on out  
Shot up then it burned all down  
But I came this far, why turn down now? (Why)  
And it hurts no doubt  
When it gets built up then it burns on down  
But I took off my crown  
And I fell at his feet on a burnt down ground  
The devil tried to snatch my kid  
I can't even pay my bills  
Whatchu think that I'm gon' chill  
When he just told me just stay still  
It's like I took a walk through hell  
Take a little walk in my twelves  
You can see that I'm not well  
But I just got up every time that I fell  
And I still need him  
Standing here now, and I'm still breathing  
Uh, got my hands to the ceiling  
I'ma catch flights every night not feelings, yeah

Soon as I'm walking and popping the door  
I'ma go, I'ma go beastmode  
All that I'm knowing I'm losing control  
I'ma go, I'ma go, I'ma go beastmode  
I ain't just stopping before reaching my goal  
I'ma go, I'ma go beastmode  
I ain't shaken, I'm breaking the mold  
I'ma go, I'ma go, I'ma go beastmode

I'm going in  
Keep it on ten  
I gotta win  
That's beastmode, beastmode  
Ay, I'm going in  
Ay, keep it on ten, yeah  
I gotta win  
That's beastmode, beastmode  
Ay, I'm going in  
Keep it on ten  
I gotta win  
That's beastmode, beastmode  
Ay, I'm going in  
Ay, keep it on ten, yeah  
I gotta win  
That's beastmode, that's beastmode  
That's beastmode
