

## Days I Prayed For

KJ-52

I'm living in the days that I prayed for  
I see way more of what I'm made for  
And I'ma stay calm, I'ma wage war  
When I pray, down upon my knees, I'ma stay strong  
You opened up a door, made a way for  
I'm dodging all these bombs and the claymores  
Cause life became raw, but I'm paid for  
So I dive all up in the Psalms when it's painful  
I'm moving straight forward, never run away for  
Any reason, any season, let the rain fall  
I'm still breathing and I'm grateful  
Plus I'm still healing right there from the great fall  
What you think I got this grey for?  
A crown of wisdom, I got way more  
That's how I'm living, never break off  
You're a great Lord, you're the one I'ma wait for

These are the days I prayed for  
All of the doubt I let go  
My God has been so faithful  
These are the days I prayed for  
These are the days I prayed for  
All of the doubt I let go  
My God has been so faithful  
These are the days I prayed for

I don't dance, but I move with a lot of groove  
Can't stand still, I do what I gotta do  
No chill, let it boom with the badda boom  
Man, it's you that I'm running to  
I'll follow you where you wanna go  
I just wanna roll where you wanna roll  
I know that you got a lot of hope  
So when I try to cope, it's you that I gotta hold  
I hopped out, then I found a boat  
I'm hanging by a thread, then I found a rope  
I'm almost dead, trying to drown a soul  
Then I found a friend right there, man, it's kinda dope  
Just a sheep that found a GOAT  
Greatest all-time there, man, you gotta know  
All he wrote's all I wanna quote  
So when it's time to go, I know how to find my goal

These are the days I prayed for  
All of the doubt I let go  
My God has been so faithful  
These are the days I prayed for  
These are the days I prayed for  
All of the doubt I let go  
My God has been so faithful  
These are the days I prayed for
