Cherie

Klaatu

You're the answer to my question You're the theme of my every whim You're the highlight of my invention Tell me whether I sink or swim Cherie be my cherie Marry me my Cherie

In the twilight come to my right Chase the dark away when it comes Cherie won't you stand to my right Have our memories just begun

Cherie be my cherie Marry me my Cherie

Everything's ours if we want it together
Everything's here if we want it to be
Come bring me flowers and bring me a feather
I'll bring you presents and bring you your tea

Cherie be my cherie Marry me my Cherie
