

Jericho

Klangkarussell

Day rides throw me off
Night light gets me on
Dancing on the walls of Jericho

Dark stars guide us home
Night light takes me in
Dancing on the walls of Jericho

Our land is contagious
Our mind is infected
Our world is turning into stone
We're trapped in a circle
Freedom rejected
So we keep dancing on the walls of Jericho
Jericho, Jericho, Jericho, Jericho

Day life gives it all
Night light gets me on
Dancing on the walls of Jericho
Walk on with your friends
I know that hope will build again

Just like the walls of Jericho

Our land is contagious
Our mind is infected
Our world is turning into stone
We're trapped in a circle
Freedom rejected
So we keep dancing on the walls of Jericho
Jericho, Jericho, Jericho, Jericho
Jericho, Jericho, Jericho, Jericho

Jericho, Jericho, Jericho, Jericho
Don't let the storm take over
Stand strong till it's gone
We're forever free in this lucid dream (oh, Jericho)

Jericho, Jericho, Jericho, Jericho
Jericho, Jericho, Jericho, Jericho
Jericho
