

The Dreamers

Klaxons

We are the dreamers
Clear see through
We are framers
With nothing to loose

It's all just passing through
It's all just passing through
We are the dreamers
La la la la...

Whatever it leads you to
It's easy
Whatever it leads you to
So easy
La la la la...

We are the dreamers
Clear, in tune
We are the dreamers
Joining the clues

It's all just passing through
It's all just passing through
We are the dreamers
La la la la...

Whatever it leads you to
It's easy
Whatever it leads you to
So easy

Don't waste melting
Tapestries dancing
Mountains token
Darkness moping
Telephones dizzy
Mandalas tricking
Taftas magnify
Turquoise dream wise

Whatever it leads you to
It's easy
Whatever it leads you to
So easy
