As If We Never Won

Kleerup

I'll never let you down
I'll keep on breaking down

Show me those higher grounds
Will I be safe and sound?

Time seals forever

What if I catch that feeling
Of where it feels like home?

So it feels like thunder when you're gone
As if we never won

And all those precious moments we don't see
Came rushing right through me

What if I catch that feeling
Of where it feels like home?

Just like a coma tomb

I'll never let you down
I'll keep on breaking down

Time seals forever

(I'll never let you down
I'll keep on breaking down)
