

Carry On

Kleerup

Have to be in track, I run
No more chasing shadows
And they can't bring me down

In the dead of night
I'm gonna be alright

Carry on
That's how we follow
Carry on
Despite that sorrow
You said you believe in yourself
Our time is far gone
I will own tomorrow

No, there's no other way I'll go
I'm a dreamer, I just let it go
They can't talk me down

In the dead of night
I'm gonna be alright

Carry on
That's how we follow
Carry on
Despite that sorrow
You said you believe in yourself
Our time is far gone
I will own tomorrow

[Instrumental bridge]

Carry on
That's how we follow
Carry on
Despite that sorrow
You said you believe in yourself
Our time is far gone
I will own tomorrow

Carry on
That's how we follow
Carry on
Despite that sorrow
You said you believe in yourself
Our time is far gone
I will own tomorrow
