

I Got You

Kleerup

Let people talk
That's what they do
They don't have lives
Like me and you

Let people talk
That's what they have
But you and me got something else
Yeah we got love
Yeah love, love, love, love

And people may say
Whatever they do
Me, I, couldn't care less, I
'Cause I got you

Yeah people may say
Whatever they do
Me, I, couldn't care less, I
'Cause I got you
Yeah I got you
Yeah I got you
And nothing's gonna bring me down
Ooh yeah

Let people talk
That's what they know
And let they do
Only goes to show
That those who can't
Say they don't want
But you and me know what we want
Yeah we want love
Yeah love, love

And people may say
Whatever they do
Me, I, couldn't care less, I
'Cause I got you
Yeah people may say
Whatever they do
Me, I couldn't care less, I
'Cause I got you
Yeah I got you
Yeah I got you
And nothing's gonna bring me down
Ooh yeah

And people may say
Whatever they do
Me, I, couldn't care less, I
'Cause I got you
Yeah people may say
Whatever they do
Me, I, couldn't care less, I
'Cause I got you
And people may say

Whatever they do
Me, I, couldnt' care less, I
Yes I got you
Yeah people may say
Whatever they do
Me, I, couldnt' care less, I
'Cause I got you
'Cause I got you
Yeah I got you
And nothing's gonna bring me down
Oooh yeah
