

Thank God for Sending Demons

Kleerup

Thank God for sending demons
Yeah those words kept me through
My love you give reasons
These treasures came from you
I work on rescued features
I won't get over you
Maybe I was the seizure
Too bad you made it through
Too bad you made it through

So one of those busted Highways
Seem to follow you
Please look at what the sky says
I don't belong to you
I don't belong to you

Another broken bottle
Just one more then I'm through
Darling I'm chasing shackles
Hoping without a clue
A beast of basic battles
Another year that's far
I killed the source of fashion
I swear and slice my car
I swear and slice my car

So one of those busted Highways
Seem to follow you
Please look at what the sky says
I don't belong to you
I don't belong to you
