

Alive

Klingande

Small town life
Just let me out
Served my time
But I'm still down

Weekends all we care about
Feeling the best days
Feeling the best days
Are Comin'

And I keep on fighting
I'm tired of hiding
I will
Until
I heal

Not gonna die for a living
Get high for a living
It's my will my will
Show the world that I'm alive

Die for a living
Get high for a living
I will I will
Show the world that I'm alive

Show the world that I'm alive

Die for a living
Get high for a living
I will I will
Show the world that I'm alive

I will I will
Show the world that I'm alive

Building roads to somewhere else
I need a legacy
A story that I can tell
Won't leave this to the wishing well
Feeling the best days
Feeling the best days
Are Comin'

And I keep on fighting
I'm tired of hiding
I will
Until
I heal

Not gonna die for a living
Get high for a living
It's my will my will
Show the world that I'm alive

Die for a living
Get high for a living

I will I will
Show the world that I'm alive

I'm alive I'm alive I'm alive
I'll survive I'll survive I'll survive
I'm alive I'm alive I'm alive
I will I will
Show the world that I'm alive
I will I will
Show the world that I'm alive

I'm alive I'm alive I'm alive
I'll survive I'll survive I'll survive
I'm alive I'm alive I'm alive
Yeah yeah

Not gonna die for a living
Get high for a living
It's my will my will
Show the world that I'm alive
Die for a living
Get high for a living
I will I will
Show the world that I'm alive
