

Big Love

Klingande

I'm used to love sneaking out
When I'm fast asleep
And I'm used to love passing me by
On the other side of the street
Causing
Havoc on my mind
Havoc on my body
Running round this town looking for somebody
I'm not used to love, I'm not used to love
I could use some love

Oh my God, I need big love
Cuz I never had enough
For once
Show me
Big love
What the hell did I do wrong
I'm just tryna find the one
For once
Show me
Big love

Did I run around breaking hearts in another life
Cuz I'm ready now but I don't know how to get it right
Causing
Havoc on my mind
Havoc on my body
I'm still out here trying haven't let it stop me
I'm not used to love
I could use some love
Think I need some love yea

Oh my God, I need big love
Cuz I've never enough
For once
Show me
Big love
What the hell did I do wrong
I'm just tryna to find the one
For once
Show me big love

I need more

I want big love big love
Oh I need some big love
Big love
Ohhhh I want big love
Big love
Oh I need a big love
Big love
Yeah
Oh my god I need big love
