

# Last Yearn

Kilo

I've been hanging round for days  
Till you come back to me  
Let me feel your warm embrace  
I won't take it for granted  
Everything is yet to be  
It's been going round for weeks  
'Cause, for you, I am certain

But don't you worry, worry, worry about me  
Just stop me worry, worry, worrying

Where are we going?  
I need some closure from you  
Where do we go from here?  
Blackbird is calling  
Keep on, keep yearning for you  
Where do we go from here, love?

Hope you're going well out there  
I'm thinking of you  
Good to hear you've settled so fast  
And the Sun keeps shining  
Well, there's a cloud on top of my head  
Since there's creases on your side of our bed  
I am longing for you

Where are we going?  
I need some closure from you  
Where do we go from here?  
Blackbird is calling  
Keep on, keep yearning for you  
Where do we go from here, love?

Don't you worry, worry, worry, don't worry  
Closure from you, closure from you  
Don't you worry, worry, worry about it  
Don't you worry about where we're diving from

Where are we going?  
I need some closure from you  
Where do we go from here, love?  
Where are we going?  
I need some closure from you  
Where do we go from here, love?  
I need some closure, closure, closure

The Sun don't shine when you're away  
I just want to make you happy  
It's been running round my head all day

But don't you worry, worry, worry about me, about me, about me  
But don't you worry, worry, worry about me, about me, about me  
I'm yearning for you

You sound really nice  
Yeah?
