

# On My Name

Kllo

You know what, I guess we're

Said it wasn't gonna be heavy  
Said it wasn't a strain  
Fuck it now and think on it for a while  
Said it wasn't gonna sink here  
Made an excuse he won't take  
Hurt my soul and melt away, I don't wanna go

'Cause I'm sleepin' alone  
When it's on my name  
When it's on my name  
Stop burnin' bridges, yeah  
Stop burnin' bridges at turns

But that's all he told me

Listen but never cause a pain  
Reason is never well  
Not a promise can shift my thoughts of you  
Threat is never really safe here  
Hurt will not ever be clean  
But shit all seems ok, do I face it on my own? (I won't go)

'Cause I heard that, I heard that you were wrong  
I was told that, I was told that by your friend  
I wasn't, I wasn't on my own, now  
Face it on my own

'Cause I'm sleepin' alone  
When it's on my name  
When it's on my name  
Stop burnin' bridges, yeah  
Stop burnin' bridges at turns

I don't want to go  
'Cause I don't want to go

'Cause I'm sleepin' alone  
When it's on my name  
When it's on my name  
Stop burnin' bridges, yeah  
Stop burnin' bridges at turns

I don't want to go  
'Cause I don't want to go

I was told that, I was told that by your friend  
I was told that, I was told that by your friend  
I wasn't, I wasn't on my own and  
I don't wanna go
