

Somehow

Kllo

Keep it in the dark
It's a controversial move
Just how much that I have backed you from the start

Feel it on a high
Keep it on the high, I know
It'll normalize if you let it, you know?

Over these conversations
Weighed on top of me
It's got me on my knees

'Cause you left it up to me somehow, how, ho-o-ow
How, how, ho-o-ow
How, how, ho-o-ow
'Cause you left it up to me somehow, how, ho-o-ow
How, how, ho-o-ow
How, how, ho-o-ow
'Cause you left it up to...

Told me to unwind
Handle it the way it is
Though isn't it apparent that we've lost hold of our grip?

Quick to your defense
Don't act like the victim now
Maybe it would help on the parallel

On a way different level
These arms can't hold both
I'll refuse, you won't

'Cause you left it up to me somehow, how, ho-o-ow
How, how, ho-o-ow
How, how, ho-o-ow
'Cause you left it up to me somehow, how, ho-o-ow
How, how, ho-o-ow
How, how, ho-o-ow
'Cause you left it up to...

'Cause you left it up to me somehow, how, ho-o-ow
How, how, ho-o-ow
How, how, ho-o-ow
'Cause you left it up to me somehow, how, ho-o-ow
How, how, ho-o-ow
How, how, ho-o-ow
