

Immaculate Desire

Klone

Suffer my fate, without innocence
The rock is engraved, there's no resistance

As many days to the over side
What's the other place to be satisfied?

One day the emotion
The immaculate desire
Break down into devotions
And drive me insane...
Insane

All I think I see is only a dream
you will let me know how my wishes have come true
But can I believe you ? Anymore!
We've gone by separate ways...

Keep it for real. Grind misery.
Break all the lines. Deeply rooted

One day the emotion
The immaculate desire
Break down into devotions
And drive me insane...
Insane

All I think I see is only a dream
you will let me know how my wishes have come true
But can I believe you ? Anymore!
We've gone by separate ways...

Keep it for real. Grind misery.
Break all the lines. Deeply rooted

Keep it for real. Grind misery.
Break all the lines. Deeply rooted
