

When You Kiss Me

Klymaxx

Oh ooh ooh ooh ooh
Oh baby
Keep it right there, yeah, yeah
Ooh oh, oh, ooh oh
Ooh ooh ooh ooh oh ah oh

It's like fire and rain
Your lips are plain
Hot and wet
You make me sweat
Every time your lips touched mine
I get a warm sensation
That no one but you can help me find

When you kiss me
Nothing feels as good as this
And when you kiss me
Boy, you know I can't resist
When you kiss me
You know it's worth I'm waiting for
And when you kiss me
Baby, oh

When it comes down to your love
I can't get enough
When you put your mouth on me
Sometimes I have to scream out your name
I feel no pain
'Cause the way you make me feel
Boy, I can't contain myself
No, no, no, no

When you kiss me
Nothing feels as good as this
And when you kiss me
Boy, you know I can't resist
When you kiss me
You know it's worth I'm waiting for
And when you kiss me
You keep me wanting more and more

When your kiss come to me
It makes me feel safe and warm
It's a quiet storm
The love you make so good to me
You take my soul to ecstasy each time
Again and again, it will be just fine, oh baby

When you kiss me
Nothing feels as good as this
And when you kiss me
Boy, you know I can't resist
When you kiss me
You know it's worth I'm waiting for
And when you kiss me
You keep me wanting more and more

When your kiss come to me
It makes me feel safe and warm
It's a quiet storm
(Your love)
Just keep it right there, oh
Ooh, ooh

When you kiss me
And when you kiss me
When you kiss me
And when you kiss me

Ooh ooh
Why don't you just keep it right there, oh
Oh oh ah

Ooh ooh, ooh oh, oh oh oh
Yeah, yeah, ooh
Mm, feels so good
When you kiss me, baby
Don't want you ever go nowhere
Baby, just keep it right there
Ooh oh, oh oh
Boy, I'll tell you now that it feels so good

When you kiss me
Ooh ooh ooh ooh ooh ooh oh
And when you kiss me
When you kiss me, oh, ooh ooh
When you kiss me
I said you know it's worth I'm waiting for, oh
And when you kiss me
You keep me wanting more and more and more and more

When you kiss me
Ooh, ooh, ooh (when you kiss me)
Keep it right there
And when you kiss me
Oh, you gotta keep it right there
When you kiss me
Ooh
You got it goin' on and on and on and on and on, baby
