

Interlude: KNEECAP Chaps

KNEECAP

Wagwan?
Ah, hey, barman
I'm looking for these Kneecap chaps
Over in the snug
Wanker
Just 'round the corner
Oh, there he is, Móglaí Pop
Hey, guys!
Eh, you guys got into my algorithm
And you are really engaging well
Mmm
I love your accent and the way you spit
I'm English, but don't hold it against me
Nah, we will
Yo, I think we should catch a flight to West London now
And I will produce you something that could even make it all the way to the fucking BRITs
Wow
You guys ready?
Okay, let's get a cab
Jesus!
