

# Love Making

KNEECAP

You know, I know I'm the one you're gonna be taking  
From your show to your home, me and you let's be love making  
Your hands do enough, it's all about the way we're syncing up,  
oh oh, oh oh

Ní amháin gnéas ach craic, lets make a mess and relax  
Cos we've got vibes in stacks, local snacks and hotel sex  
Féiltí, béiltí, filthy texts, chillin listening to silky tracks  
Damhsa, bouncing in packs, tinneas poit, toit and we're back  
Ar shiúl linn go háit lán daoine, cúpla stout a few martinis  
Is tá tú ar an eolas, laid back flawless, níl leithscéal de dhíth to come see ye  
Ar an leathanach céanna, I leabhar difriúil but I wouldn't change ya  
Gan srianta, you're no saint ach níl mé féin ach an oiread, sinner le blianta

Faoi do gheasa, ag titim I ngrá giota beag róghasta  
An duine deireanach I gcónai ag an afters  
Piolla ina lámh she knows gan dabht we're gonna go halfers  
Fiáin chan classy, is ar éigean go bhfágaimid an leabaidh  
Tuigeann sí go maith go bhfuair mé mo sháith de na quantity birds  
Seo bean ar leith

You know, I know I'm the one you're gonna be taking  
From your show to your home, me and you let's be love making  
Your hands do enough, it's all about the way we're syncing up,  
oh oh, oh oh

Aimsir go dona lasmuigh so it's tine lasta ag freastal uirthi  
She's a rascal indeed and it's class all for me  
Then she laughs said she's sponsored a rapper in need  
Réchúiseach, fuinneamh calm, beo sa bhomaite buioch de m'am  
Ag fáil cóngarach whenever I can, cos she says I do enough with my hands

Tá mé gafa le do pheromones, I'm grabbin her hair she's doin mad moans  
Pit ó na flaithis agus tóin mhór ramhar, is thiocfad linn caint go deo faoi aon ábhar  
You know I know, we're trying to take it slow, but I'm onstage looking at the front row  
You're all I see and you're looking at me, I can see it in your eyes let's split let's leave

You know, I know I'm the one you're gonna be taking  
From your show to your home, me and you let's be love making

Your hands do enough, it's all about the way we're syncing up,  
oh oh, oh oh

You know, I know I'm the one you're gonna be taking  
From your show to your home, me and you let's be love making  
Your hands do enough, it's all about the way we're syncing up,  
oh oh, oh oh
