

Set It on Fire

Knox Hamilton

We're on the right track, keep it going
We got it love (keep it going, keep it going)
We're on the right track keep it, darling, we got a love

You were looking over, I saw your face
In a crowded place, where no one was safe
You were looking over, I saw your face
In a crowded place

Set it on fire, karma came just in time
Fall back in love, never did get enough
Set it on fire, karma came just in time
Fall back in love, never did get enough

We're on the right track, keep it going
We got it love (keep it going, keep it going)
We're on the right track I see it now
You're more than enough

You were looking over, I saw your face
In a crowded place, where no one was safe
You were looking over, I saw your face
In a crowded place

Set it on fire, karma came just in time
Fall back in love, never did get enough
Set it on fire, karma came just in time
Fall back in love, never did get enough

Fall back in love
Fall back in love
Fall back in love
Fall back in love

Set it on fire, karma came just in time
Fall back in love, never did get enough
Set it on fire, karma came just in time
Fall back in love, never did get enough
