

I Don't Wanna Know

Knox

Friday night, conversation with my ceiling
I've been down, and I ain't getting up
Why, oh, why am I getting in my feelings?
Six months should be enough to get over us

I know you're out
All my texts say that you're with somebody
And you're the star in all your best friends' stories
You and I still talk sometimes
And hush hush, yeah, it's fine
But you can keep those secrets, they're not mine

If that guy takes you home
Then I don't wanna know, I don't wanna know
If he takes off all your clothes
Then I don't wanna know, I don't wanna know
You can do just what you like tonight, but if you leave with him
And take him to the places that we've been
I don't wanna know, I don't wanna know

I don't wanna know, I don't wanna know-ow-ow

Friday night, new day, same feelings
Still trying to forget about
All the times we were dancing on the ceiling
But now you do it with somebody else
Walking 'round with your new man
Looking like me on an off-brand
I'm not trying to discount the man
Whatever you find great value in

I know you're out
It's funny 'cause we used to be homebodies
Now you're the star in all his late night stories
Maybe we should draw some lines
'Cause we still talk sometimes
And I don't need your secrets, they're not mine

If that guy takes you home
Then I don't wanna know, I don't wanna know
If he takes off all your clothes
Then I don't wanna know, I don't wanna know
You can do just what you like tonight, but if you leave with him
And take him to the places that we've been
I don't wanna know, I don't wanna know

I don't wanna know, I don't wanna know-ow-ow

If I tried to catch your eye when we passed by
And you just tried to look past mine, then I can take the hint
But don't tell me what you did
If I tried to catch your eye when we passed by
And you just tried to look past mine, I can take the hint
(But don't tell me what you did)

If that guy takes you home
Then I don't wanna know, I don't wanna know

If he takes off all your clothes
Then I don't wanna know, I don't wanna know
You can do just what you like tonight, but if you leave with him
And take him to the places that we've been
I don't wanna know, I don't wanna know

(If I tried to catch your eye when we passed by)
(And you just tried to look past mine, I can take the hint)
I don't wanna know, I don't wanna know-ow-ow
If I tried to catch your eye when we passed by
And you just tried to look past mine, I can take the hint
(I don't wanna know, I don't wanna know-ow-ow)
