

# I'm So Good At Being Alone

Knox

(Woah)

(Woah)

I can wake up when I want to  
Sleep on both sides of the bed  
Heard there's a party, I should come through  
But I'd rather play video games instead (Instead)  
And they don't understand

'Cause all my friends say, one day, I might find the one  
But, if I'm being honest  
(I'm not really in a rush)

'Cause I'm so good at being alone (At being alone)  
Oh, I'm so good at being alone  
It's just me, myself and all my free time  
On my own and I sleep just fine  
'Cause I'm so good at being alone

So good at being alone  
(Alone)  
(Alone)  
(Alone)

I can treat myself much better  
Than anyone else ever has  
I know, I know, I  
I won't feel like this forever (Forever)  
But I'm gonna enjoy this while it lasts  
I swear it's not that bad when

All my friends say, one day, I might find the one  
But, if I'm being honest  
I'm kinda having too much fun

'Cause I'm so good at being alone (At being alone)  
Oh, I'm so good at being alone  
It's just me, myself and all my free time  
On my own and I sleep just fine  
'Cause I'm so good at being alone

So good at being alone  
(Alone)  
(Alone)  
(Alone)

There's no one here but I'm not lonely, not lonely  
Yeah, I don't need someone to hold me, to hold me  
There's no more tears, that's for the old me, the old me  
Yeah, I don't need someone to hold me, to hold me  
(No more, woah-oh, oh, oh)

'Cause I'm so good at being alone (At being alone)  
Oh, I'm so good at being alone  
It's just me, myself and all my free time  
On my own and I sleep just fine  
'Cause I'm so good at being alone

So good at being alone
