

# Invisible

Knox

Call it divine intervention  
The way you're readin' my mind  
Feel like I've known you forever  
Even though I just met you tonight  
People in every direction  
Nothin' but small talk in here  
Tryin' to steal our attention  
But I wish we could disappear

Yeah, I wish we could disappear

So can we pretend that we're invisible?  
Kiss me like nobody's watchin' us  
Two ghosts alone in the middle of a crowded room, my love  
Can we pretend that we're invisible?  
For all I care, we're the only ones  
Holdin' each other in the middle of a crowded room, my love  
Just the two of us

So here's a toast to the moment  
To being young and alive  
Don't need to know where we're goin'  
It'll all make sense when we arrive  
Dance with me under the neon  
Until the sun starts to rise  
It doesn't matter where we are  
As long as I got you here by my side

Now won't you disappear with me tonight?

So can we pretend that we're invisible?  
Kiss me like nobody's watchin' us  
Two ghosts alone in the middle of a crowded room, my love  
Can we pretend that we're invisible?  
For all I care, we're the only ones  
Holdin' each other in the middle of a crowded room, my love  
Just the two of us

Can we pretend that we're invisible?  
Kiss me like nobody's watchin' us  
Two ghosts alone in the middle of a crowded room, my love  
Can we pretend that we're invisible?  
For all I care, we're the only ones  
Holdin' each other in the middle of a crowded room, my love  
Just the two of us
