

## A New Beginning

Knuckle Puck

(This bad luck keeps chasing me)

Ran off wandering on my own again  
Can we reflect if the mirror's cracked  
On how to reconcile this seven year debt?

(This bad luck keeps chasing me)

This bad luck keeps chasing me  
I won't sit here waiting  
Bad luck keeps chasing me  
For a new beginning

And it feels like this when I'm on my own  
With a heavy heart that I've dragged around too long  
I'm sick and tired of feeling low  
Strung out

Cause I can feel this bad luck still chasing me  
I won't sit here waiting  
Bad luck keeps chasing me  
For a new beginning  
(Waiting, stop waiting)  
We're stuck in rotation  
(Waiting, stop waiting)  
For a new beginning

This bad luck still chasing me  
I won't sit here waiting  
Bad luck keeps chasing me  
For a new beginning  
This bad luck still chasing me  
I won't sit here waiting  
Bad luck keeps chasing me  
For a new beginning
