

7 Days

Knucks

Aye

New Knucks, they were dying for it
Do a 2 step in my yard to the latest
Always on blast when I played it
That's what I call showing love to my neighbours
Cramp in her leg when I shake it
Bending the back while I'm changing the playlist
She wanna do man to Craig David
But it weren't 7 days that I waited
Now she wanna link up on the Monday
At fashion week, b, I'm doin' up runway
She saw man on the front page
Darkskin darlin' like Yewande
New ting out of Casa Amor
The game is the game, why you mad at me for
They say is it increasing your digits
But it don't count cause I banged it abroad
My next thing in love with the D'usse
We was in the club turning up on a Tuesday
Her friends went around to a new rave
I was getting ex'd off of Brown like Karreuche
Now I'm focused on getting you home
Imma jet in a Bolt, tryna find out what Usain
Sent her home on the Wednesday
Cause she was in the bed tryna hog up the duvet

Mind if I, uh huh
Just for the night, uh huh
I don't bite, uh huh
Unless that's what you like, uh huh
She pop up, pull up 'n ride
Was just on my mind, uh huh
Those thighs got me weak inside
Spend the week inside, uh huh
Mind if I, uh huh
Just for the night, uh huh
I don't bite, uh huh
Unless that's what you like, uh huh
She pop up, pull up 'n ride
Was just on my mind, uh huh
Those thighs got me weak inside
Spend the week inside, uh huh

Did what I like whether right or wrong
I was kinda young, they went out to play, I was writing songs
Back when Craig David had china bumps
The old school whip was a dingers
There's always something weighty inside the trunk
Little man like Kevin, they knew I had Hart
Cause the olders would ask me to Ride Along
Now my tunes is the proof of the work rate
In the studio on Thursday
Make moves before I choose to go her place
Link Jules and get food off of Sergei
Yet another coming by on the Friday
Sleep in my eye but you know I gotta firm it
Stay up, stay up

Shorty wanna deliver the box like Hermes
Or like parcel force to the yard of course
Service a 6/10 but she live out the ends, so I can't endorse
Saturday madness and antics
Find out the plan it can only go one way
More P to collect, but I needed my rest so I slept on the Sunday

Mind if I, uh huh
Just for the night, uh huh
I don't bite, uh huh
Unless that's what you like, uh huh
She pop up pull up 'n ride
Was just on my mind, uh huh
Those thighs got me weak inside
Spend the week inside, uh huh
Mind if I, uh huh
Just for the night, uh huh
I don't bite, uh huh
Unless that's what you like, uh huh
She pop up pull up 'n ride
Was just on my mind, uh huh
Those thighs got me weak inside
Spend the week inside, uh huh
