Yo, went war when given a reason, acceptable, but it isn't appe aling

Remember when honour used to be honour, but I won't say when He on the 'Gram doing ladies files said it ain't cool now, but was okay then

I know guys fixating their eyes on a man's wifey even though th ey're friends

She awaiting the late night text, when the main guys left on a cold weekends

They ain't dying for nyash, but they're die for phone and trend s

Tiktok make up video, but a soul is what's needing the tone and cleanse

What's up for the FYP it's acceptable as the rest might be

My last ex reckon I'm lacking in foresight, I just said I see

Yo, move how I do when the media storm 'cuh I seen what I saw

The mandem weren't eating before, it was kind of unreasonable

But I just got mum a Mercedes a thank you for asking, each one

of her babies

And to say that I'm hearing her struggles and various jobs that
she done in the '80s

Yea, yea

Uh, uh

They're doing what we don't believe in, give you the clout, but

Yo, went war when given a reason, acceptable, but it isn't appealing
