Hide & Seek

Knucks

TSB
The day that they met's like the day that Tom met Jerry
Only out of his hole for the cheddar
Whether he knows if the coast is steady, ready
One eye on the road like Fetty
First encounter, don was a yute
While under pursuit
He was only eleven
Like "Get him"
He stole with his bredrin
They asked him his name and he told him "It's Kevin"
Bright eyed copper
Most likely his wifey divorced
No more than a fortnight on the force
Young lad, undergrad, had a like for the law
But he saw something about Kevin
He saw a cold look in his eye
While booking his guy
Like why I ain't tellin
In his mind he indicted a felon

Every day is like hide and seek
If I lock down two in the morning, tell me, by night why I see three
Dotting and crossing the I's and T's
I know you couldn't hide from me most of your lives and it's fine by me
If you do time for the rest of your life, know it's fine by me
Same game, playing hide and seek
If I just shot two packs on the side, someone tell me why all they eyes on m
e
True say got the 9 on me
If you lot waste all your time tryna find me, it's fine by me
And If you lot end up losing your lives then it's fine by me

It's fine, it's fine
Except time's been flyin' by
Little old Kevin just turned 21
But the same old troubles been right behind
So preoccupied with grind and hustle
Fight and tussle
A very thin line from a night of cuddles
To stuck in a trunk with a knife and shovel
So why they puzzled?
It's all routine
They clock us shottin'
They call police
Ain't no drill when the feds all sweep
The pain don't kill
We just get more fiends
We play our role, let them boys play theirs
But don't play fair
Like "Oh, say swear?"
In holding cells, tryna hold in fear
I scream "Fuck you"
And I hope they hear, yeah

Every day is like hide and seek
If I lock down two in the morning, tell me, by night why I see three

Dotting and crossing the I's and T's
I know you couldn't hide from me most of your lives and it's fine by me
If you do time for the rest of your life, know it's fine by me
Same game, playing hide and seek
If I just shot two packs on the side, someone tell me why all they eyes on m
e
True say got the 9 on me
If you lot waste all your time tryna find me, it's fine by me
And If you lot end up losing your lives then it's fine by me

Riding around, tryna see who's it
Who's up, who's lit?
Three man up in an unmarked whip
If I count to ten, watch 'em duck and dip
Skrt, crash, step out the vehicle
What the fuck are you here for?
Arm of the law, tell 'em all be careful
Anybody moves then his arm goes airborne
With his arms in the air
Kev got out the car with his breh
But left suttin' shiny and sharp in his chair, rare
You can tell he sweating
The fed looked deep in his eyes like recognised from the first encounter
That stop and search was the first in hours
We hid well but the urges found us

Every day is like hide and seek
If I lock down two in the morning, tell me, by night why I see three
Dotting and crossing the I's and T's
I know you couldn't hide from me most of your lives and it's fine by me
If you do time for the rest of your life, know it's fine by me
Same game, playing hide and seek

(Four years and I'm thinking four years?
I'm 16 years old, you wanna give man four years, a quarter of my life?
Nah, you're moving reckless)
