Knucks

Yeah I take her through the road
Yeah I took a glass for the road
People change, you know how it go
Had to rearrange the digits on my phone
Feels like they wanna take the sauce off of me
Looking at mine like it's your property
When we just tryna ball properly
I ain't talking small small, I want all the money

(Swoosh)
Hooper
Balling through your city I'm a hooper
You do me, Imma do ya
Full time, we gon see who's the loser (the loser)

Yeah
I don't really understand
How they think they know me cause they see me on the 'gram
Met last week, I don't wanna be your man
It's like she wanna see me with a buggy in my hand
But that can't be me, no way
Cause I'm really tryna touch and go
Can't be stopped man, I'm on a roll
Really tryna give a dog a bone
Man I'm too fly when I'm walking
So fly like I'm Jordan
Too high, touch the sky
You're too low so don't force it
Your girls on my what do you call it? (What do you call it?)
Yeah you know what you call that, don't lie baby
Lying to my eyes, but you're alright with me
I ain't surprised, No I'm still tryna find milli's
Gotta call another time cause my line busy

(Swoosh)

They can never beat Not3s with the 3
They should know better than to play with me (play with me)
Oh no
High now I'm up in my zone
Flex man, they love the way I roll
Red lights, but I always gotta go (gotta blow)
I gotta blow like a referee

Man are wide, offside, that's a penalty
Wait where you're meant to be
Shit, chase it with Hennessey
Soon enough you're gonna have to pay for my energy
OK
Ask Not3s, they ain't with the forte
All us man are tired of the board games
Yeah I know right, that's what they all say (that's what they all say)
