

Send Nudes

Knucks

(Hey)

Yo

What's a king meant to do when he thinkin' of you
But he trapped in his palace and pinned to his room?
Dying to roam outside, man wylin and tired of things to do
Get chills when you're posing nude
What the hell am I sponse to do?
I just wanna be close to you

Aye

You know that feels like a thousand winnings
Counting the pounds and shillings
Thinking out loud 'bout the bouts we've been in
Get the blouse and fling it
In the mood when you set that riddim
I queff that kitten and left that smitten
Then when you vent in the bed man, listen
So how it get so distant?
All them chicken head girls, I ain't miss dem
Farewell's what I wished 'em
It went straight off the rail like **** den
In the woods, man fell like Tristan
Been a min' since you been over
Tell Mrs Rona end that soon G
That's why I like when you send that to me
But true, I just wanna bend that booty

What's a king meant to do when he thinkin' of you
But he trapped in his palace and pinned to his room
Dying to roam outside man wylin and tired of things to do
Get chills when you're posing nude
What the hell am I sponse to do?
I just wanna be close to you
