

# The Jump

Knucks

Yeah, OK, OK  
No Days Off  
That was it

Boo yah, brand new like Grand Puba  
Mr Big Kahuna talk the panties of a chula  
Breath of fresh air to the viewer  
It's true but I be touching fresh airs every time I tie my shoes up  
I'm smoother, that's why they willin' when my tunes up  
Tricky with the bars I'll kick your ass and hand it to ya  
Plenty more fish in the sea, I ain't amused blud  
I'll probably pick three quickly and make tuna  
They all tryna take us off the road it's blatant  
Stick us up and tell us about the laws we breaking  
They all told us we don't matter but the hordes are waiting  
Waiting for our golden platters and our forty acres  
Traffing these rhymes like I'm Noriega  
Business on the line, I told her to phone me later  
Told my homie to be wise it ain't your role to save her  
But she was creeping through night like she a home invader

They ain't feel it but it's ok  
Ignored it when they seen it but it's ok  
Don't they know I've been like this since 08  
Now I'm Chris Martin with the cold play  
But when my riddim play I make 'em jump, yeah  
Still niggas wanna hate me like I'm trump, yeah  
And I knew it from the jump  
They ain't wanna see me do it from the jump

Bunch of old tunes on my computer, Lex got the Canon and he shoot it like a luger  
Mandem say they swagger bad but I don't see it too tough  
Ith kinda mad cause all I see is bootcuts  
Two up, while I'm billin' gotta roll safe  
Got me so faded couldn't recognise my own face  
Man are still stuntin' at their old age  
Still left the party with her darg and ain't have to buy a Moet  
Man are tryna blind me with designers and they're jewellery  
Your chains great but it ain't amusing me  
Fly till I die and that's the truth of me  
Probably Still have a few groupies tryna screw me at my eulogy  
Every Tom and Jane ain't gonna root for me  
I ain't phased, so I'm Harlem shaking off their hatred and their scrutiny  
But haters don't want me to go clear but I'm starting to grow here like I was just assuming puberty

They ain't feel it but it's ok  
Ignored it when they see it but it's ok  
Don't they know I've been like this since 08  
Now I'm Chris Martin with the cold play  
But when my riddim play I make 'em jump, yeah  
Still niggas wanna hate me like I'm trump, yeah  
And I knew from the jump  
They ain't wanna see me do it from the jump
