

Vows

Knucks

No-no-no-no-no days off

Yo, shorty wanna take vows, I just wanna make out
She was off in a mood, I was offin' the blouse
Told me link her in south, Uni done, I'm about
They lookin' for the source, tell them youths, look under the couch

Hella man in denial, tell a man watch your mouth
Ignore a man when they up, now they wanna be down
Braggin' 'bout what they drive, I ain't waitin' around
Please check up on your wife, I take the train to her house
I roll, pull up, and I bounce

Yeah, shorty frontin' like I need her
Had a beanie with me last week, had another just in like I'm Bieber
Knucks, I'm gully with the feature, sippin' voisie from a teacup
You're not wise tryna' stop the drive
Man, I'll use your body like a speed bump

Huh, rumors I get always tell me some shit I don't know 'bout myself
I heard I'm rentin' a Benz, must have a pony as well
Some man are phony as hell, but that ain't my story to tell
She know I don't call her my girl, still it's like

Shorty wanna take vows, I just wanna make out
She was off in a mood, I was offin' the blouse
Told me link her in south, Uni done, I'm about
They lookin' for the source, tell them youths, look under the couch

Hella man in denial, tell a man watch your mouth
Ignore a man when they up, now they wanna be down
Braggin' 'bout what they drive, I ain't waitin' around
Please check up on your wife, I take the train to her house
I roll, pull up, and I bounce

Yeah, they try end my run, but they better bring their armor
Tryna be big like pun, tryna be big like papa
Tryna switch up on a kid on a sly, here's a word of advice
Never stand next to my bridge, if you turn they will burn you alive

But still, I'm sexy and smooth, ask your girl, I got moves
You hardly been to her room, and I got a corner just for my shoes
Hit the corner shop for a juice, she hit me up to come round
Ain't nothin' serious, we just pals, but I think

Shorty wanna take vows, I just wanna make out
She was off in a mood, I was offin' the blouse
Told me link her in south, Uni done, I'm about
They lookin' for the source, tell them youths, look under the couch

Hella man in denial, tell a man watch your mouth
Ignore a man when they up, now they wanna be down
Braggin' 'bout what they drive, I ain't waitin' around
Please check up on your wife, I take the train to her house
I roll, pull up, and I bounce

Yeah, I roll, pull up and I bounce

Whoop, roll, pull up, bounce
