

# This Life

Kobie Dee

Ra, rah

New number, new phone  
New address, new home  
I just wanna be left alone  
I can't escape all these thoughts that I keep in my dome  
See, I never was a people person  
I was always searchin' for what wasn't worth it  
Nothing's ever certain in this life on earth  
We always give a lot to people who just don't deserve it

Still, we gotta learn to love one another  
Not divided by race or a color  
'Cause in the end, we're all sisters and brothers  
And colors can't stop us from loving each other  
I was born in a world so cold  
But that's life as we've all been told  
But is it living when no food is in your kitchen  
And the only way to get it is when drugs get sold?

I wasn't born with a silver spoon  
Or a house that have five bedrooms  
I was raised for the Goomisip goons  
To the rise of the sun and the fall of the moon  
And this life seems oh-so crazy  
16, nearly had my first baby  
17, sellin' dope from the house  
Putting tears in the eyes of the woman that made me

And this life seems oh-so crazy  
This life seems oh-so cold  
This life may one day break me  
This life might take my soul  
(This life, this life)  
This life seems oh-so crazy  
(This life, this life)  
This life seems oh-so crazy

And this life seems oh-so crazy  
This life seems oh-so cold  
This life may one day break me  
This life might take my soul  
(This life, this life)  
This life seems oh-so crazy  
(This life, this life)  
This life seems oh-so crazy

No justice, no pace  
No voice, no speech  
No point in even tryin' to speak  
Unless you're showin' ID to them punk police  
They got us locked in chains, it all seems strange  
See your brother goes in then he leaves insane  
Things will never be the same  
Until he ends the cycle of the system's game

A victim's pain in the ghetto

Never said much, was a quiet little fellow  
A son, local, calm and mellow  
Tattood on his arm was the red, black and yellow  
Where he wears his pride  
Deep inside, an intelligent mind just lost in time  
All he really had was a beat and a rhyme  
And a mother that did anything to watch him shine

This life of mine  
Ain't the one that I thought it would be  
Poppin' them bottles and smokin' that weed  
Things don't always be what they seem  
This world I see  
Ain't gonna last too long  
And I must be a fool to really think that  
I coulda changed it all with a song  
But still I try  
(This life, this life, oh-so crazy)

And this life seems oh-so crazy  
This life seems oh-so cold  
This life may one day break me  
This life might take my soul  
(This life, this life)  
This life seems oh-so crazy  
(This life, this life)  
This life seems oh-so crazy

And this life seems oh-so crazy  
And this life seems oh-so cold  
This life may one day break me  
This life might take my soul  
(This life, this life)  
This life seems oh-so crazy  
(This life, this life)  
And this life seems oh-so crazy
