No matter what  
Ain't nothing for this paper

Turn a nigga up  
I'm turnt the fuck up  
Still turning up  
I burn a nigga up  
Got the AC on I'm burning up  
No matter what ain't nothing come before this paper  
The one you love be you number one hater  
I'm on that lean fight my sleep I couldn't stay up  
Ey yea  
Jump out if he run  
I won't chase him got lasers  
All black can't see nothing so they say it was Darth Vader  
That lil bitch crazy if she think I'm funna pay her  
Way before lil baby I told Jayda to wait up  
Running through that money splurging don't see no purpose to save up  
Ey yea I'm caked up homie  
Even tho I got my caper I'm gone still save a hoe  
If she leave you better believe that's better for me  
I be tryna eat. I ain't got time to beef  
Let's start killing each other  
I put a bad bitch in time out I beat her with my BB buckle  
Road running thuggin' and running it up a hundred plus  
Burn it up burn it up. Stuffed in the trunk.

Run it up  
Bag it up  
Scale it up  
Sack it up  
Run it up  
Cook it up  
Spoofing up  
Run it up  
Run it up  
Scale it up bag it up

Bag it up  
Add it up they mad as fuck  
Mad as fuck? Hold up back it up  
Turn a nigga up  
I'm turn the fuck  
Still turning up  
I'll burn a nigga up  
Cut the ac on I'm burning up

No matter what ain't nothing coming before this paper  
Sometimes the ones you love be your number one hater
