

Close To Me

Kodak Black

(Zeuz)

Mentally, I'm dyin', physically, I'm drained
I'm fucked up emotionally
And spiritually, I'm dead, been livin' on the edge
Can't let no one get close to me

I've been to the shooters, I'm on a quest for true love
Can't find it in the sewers, see
My fault, they get what they want from me
It's my fault that my love don't come with a receipt
Got all the money in the world, but I'm just missin' my round
This shit would never have got this far, this shit wasn't supposed to go down
I laugh to keep from cryin', make love to keep from lyin'
My soul's been achin' desperately 'cause our love has been dyin',

Death notes in my journal, betrayals become normal
I'm to the point I'm fertile, they break me with the slightest touch
'Posed to be us against the world, why the hell we fightin' for?
I put the energy over me, you know I'll die for us

Mentally, I'm dyin', physically, I'm drained
I'm fucked up emotionally
And spiritually, I'm dead, been livin' on the edge
Can't let no one get close to me
Mentally, I'm dyin', physically, I'm drained
I'm fucked up emotionally
And spiritually, I'm dead, been livin' on the edge
Can't let no one get close to me

I'm fucked up emotionally
Can't let no one get close to me
