I'm in a condominium, I'm just in it for a month
This is not a rental, this a stolo here lil boy
In a new apartment, this is where I park my car
Got a few options, I just pick these hoes apart
I got snipers in my car
I be biting, I don't bark
I just light, I just spark
Then I light it up and spark
Then I come out in the light
It didn't happen in the dark
Got the fire with me lil boy
I can't wait to feel my heart
I be fighting in the mornin'
I can't even feel my heart
Got that ice box on my heart
I can't even feel my heart
Positive, cognitive ion feel nun

I'm positive, ion even feel alone
I'm cognitive, ion even feel nun
I'm positive, ion need to hear nun
I'm cognitive, ion even feel nun
I'm positive, I'm cognitive, ion feel nun
I'm positive, I'm cognitive, ion hear nun
I'm positive, I'm cognitive
I'm positive, I'm cognitive

Ion need no Novocaine for these slugs

Hit the dentist, let me put in my mouth
Is it cool if you never show no love
You ain't love me nigga before I made it
Said she love me now I hurt your feelings
My little cranium [?]
