

Dead Time

Kodak Black

I'm running now, I'm on dead time I might kill the clock
I'm wondering why my niggas ain't my niggas now
Cause I'm rocking beats and I shift the streets and put the pistol down
I cropped me out lil Kodak see the big picture now
I ain't jackin now I'm rappin now

I love yall on the rap way to the different route
You ditching now, you tripping out, you dissin now
You switchin out
