

## Drive The Boat

Kodak Black

Ready, ready

Stay ready so I ain't never gotta get ready 'cause I'm already ready, ready, ready

(Hey, Arnold)

Ready

Haha

Skip got that bounce, it go crazy

Ahh, mmm

Walked out the feds like a body builder

I shoot a nigga in the head, I FaceTime a nigga

I told her man, "Don't call this phone when I be vibin' with her"

Drop her a bracelet off the drone 'cause I'ma fly lil' nigga

Everything I say turn to a quote, you go ask Meg the Stallion

I asked them, let me drive the boat, they thought I was Lil Yachty

Hey Daijanae, love you the most, you not like anybody

And I can tell by yo' first name, yo' daddy from out the projects

You just like me, you from the streets and you be drinkin' Remy

I made you mine, now you a dime, ain't no more JC Penny

I'm a lil nigga, they sent me to the worstest penitentiary

'Cause I'm the worst nigga on this earth, that's why that's where they sent me

Got so much love for Chris Brown, so much love for Wale

Shoutout lil ma 'cause it be hard to make her ride my way

And I was showin' love to fuck niggas I couldn't shake

I was runnin' outta ye so I was puttin' shake

I got a reel on the drac like I'm 'bout to be climbin'

Headshot him, rockin' red bottoms with the Balmain

Pink jeep, pussy pink, nigga, pink mollies

Red seats, pink, pink, nigga, pink diamonds

I'm healthy and I'm wealthy, dog, eat a lot of salmon

Still I did a drive by in a Porsche [?]

Right before I kicked off on a tour, I caught a body

Baby girl, she stood up like a horse 'cause she a stallion
