

Falling Over

Kodak Black

[Intro]
(100% Juicee)

[Chorus]

Come alive, Jahseh, because I need an angel
I know you didn't know that you can die like this, you can die rich and famous
You can die rich and famous
You can die rich and famous, mm
Come alive, Jahseh, because I need an angel
I know you didn't know that you can die like this, you can die rich and famous
I know you feeling like you doin' time, my friend, and we are locked in cages
I hate when you can't even read your rights these days, feeling like kept and laid up
Come alive 'cause I need an angel
Didn't know that you can die, you can die rich and famous
Who are you to criticize? Why are we always judging?
Why we always gotta fuss and fight? Can we all do more loving?

[Verse]

Tell you that I almost died, I almost died
Remember when I almost died
For real, for real, I almost died
For real, for real, I almost died
For real, for real, I almost died
For real, for real, my soul tired
For real, I put my mind in overdrive
For real, I thought our love could override
And I took that sacrifice
Saw you took your sacrifice
This dog has been sacrificed
Know you looking over, Jah rest, God rest
I know you're lookin' over, in' over, in' over, yeah
I was countin' on us, darling, darling
I was countin' on us, in' on us, in' on us
And now you're gone, I'm always faded, faded
Now you got me always, me always, me always
Ayy, callin' on my Yahweh, baby, baby
I'm callin' on my Yahweh, my Yahweh, my Yah- bae
And I'm countin' down these hours these days, these days
I'm countin' on my hours, my hours, my hours
Hey, fightin' for my powers these days, these days
I'm fightin' for my powers, my powers, my powers
I'm just tryna keep 'em conscious, baby, baby
You gon' walk me to my coffin, baby, baby
Now you gone to sleep, I'm always faded, faded
I've been fallin' over, in' over, in' over, ayy
How you get dishonest?
I was countin' on us

[Chorus]

Come alive, Onfroy, aren't you missing something?
Why are we always judging? Can we all do more loving?
It don't matter if you black or white, my friend, can we not be so racist?
And it don't matter if you're gay or not, my friend, can we not be so hateful?

1?

It don't matter if you're rich or poor
Why the polices use excessive force?

[Outro]

I know you looking over, Jah rest, God bless
I know you're lookin' over, in' over, in' over
Ayy, I was countin' on us, darling, darling
I was countin' on us, in' on us, in' on us
Ayy, now you gone, I'm always faded, faded
Now you got me always, me always, me always
Ayy, I'm callin' on my Yahweh, baby, baby
I'm callin' on my Yahweh, my Yahweh, my Yahweh
And I'm countin' down these hours these days, these days
Just countin' on my hours, my hours, my hours
Ayy, I'm fightin' for my powers these days, these days
I'm fightin' for my powers, my powers, my powers
I'm just tryna keep 'em conscious, baby, baby
You gon' walk me to my coffin, baby, baby
Now you gone to sleep, I'm always faded, faded, hmm
I've been fallin' over, in' over, in' over, ayy
