

## Game From Pluto

Kodak Black

I get game from Pluto, then I twist it up  
Yeah, I'm over you, ho, you can't even get me up  
Yeah, I'm in the club with my nina and a mean mug  
Baby, I'm a killer, I don't care if you a stripper  
Pour out the liquor, takin' red rum shots  
I keep a stick, we puttin' trackers on the cars  
Play with my top, you gon' be in the ER room stretched  
Say, I'm a big old Z, so I need the ZR1 'Vette, ayy

Mulsanne all cash, like Bentley, don't take checks  
Just bring all gas and smoke, I don't take threats  
Free my nigga Flippa, SG, we the best  
Until he get an issue, nigga, we can't rest  
I'm on a jet with a dirty TEC and an MPX  
We gon' close casket or make his family take a guess  
Yeah, they switchin' sets, they changin' way too soon  
I'm in the club, I'm blowin' K2 fumes

I get game from Pluto, then I twist it up  
Yeah, I'm over you, ho, you can't even get me up

Future told me, "Drop that shit, keep it on they chest, feet on they neck"  
KTB, Kodak the boss, Kodak the best, that ain't a guess  
Say he love to see me flex, every time you flex, put it in they face  
And I'm poppin' checks, and soon they drop the case, I copped the Wraith  
All these bands free, if a ho wanna fuck with me, open up a Chase  
I was in Tennessee leanin', nigga fiendin' for that drank  
I'm a rich junkie, stay from 'round me, you look like a monkey  
If you look dirty, dog, probably got monkeypox  
I'ma take they head clean off for playin' on my top  
Ho, you ain't even gotta dance, ho, I'm tryna do my Kodak bop  
Gettin' too much guap, rocked up like I'm sellin' brick  
Pull out ZR1 Stingray 'Vette, jellyfish

I get game from Pluto, then I twist it up  
Yeah, I'm over you, ho, you can't even get me up
