

# I Get Lonely

Kodak Black

Sometimes, sometimes  
I get lonely

I get lonely sometimes  
I get lonely  
I get lonely sometimes, sometimes  
I be goin' crazy  
I been thinkin' a lot lately  
I get lonely too, you be lonely too  
I been going through things

Aye, both my wrists is dripping, but my watch is water proof, yeah  
Trigger finger itching, when I see you I'ma shoot ya  
I'm thuggin' countin' money in the mean time  
Time is money and I don't got no free time  
You can never say I never loved you  
You can never say I never loved you  
I'm thuggin' countin' money in the mean time  
Time is money and I ain't got no free time  
Different nigga I got seven figures now  
I ain't gone shoot a nigga how I shoot a nigga down  
Ain't shootin' in the air, tryna knock off your hair  
Ain't shootin' in the air, tryna knock off your hair  
Money gave me power and a ego  
I'm rich but I be sticking to the G code  
I know you fuck with me, so do it for me please though  
If you fuck with me, then do it for me please though  
Yeah, I'ma project baby, I'm from golden acres  
Came from Section 8 but now I got a mansion with two acres  
Aye, I just might get in and win, thinkin' 'bout pullin' them capers  
I'm thinkin' 'bout hurting my niggas, thinkin' 'bout hurting my neighbors  
But I don't be tryna be violent, life could be much greater  
But they wanna see me in prison, wanna see me on them papers  
I get lonely  
Muhfucka, I get lonely  
Ain't nothin' I can do to keep you loyal to me  
But all I wanna do is keep it real  
My brothers and my niggas with me still  
That's why God bless me 'cause I keep it real  
Got sent back to society now I'm riding with the steel  
Too much envy, too much negative energy in the air  
And my bitch from Memphis like she basketball player  
I ain't go to class, nigga I was posted on the rail  
I ain't never go to class but that don't mean that I'ma fail  
She make me feel good, I ain't even know that I could feel  
Got a nigga attention, I ain't even know I could tell  
And I don't like to vent 'cause don't nobody even care  
I don't like to vent 'cause don't nobody like to hear me, I  
I get lonely sometimes, sometimes  
I get lonely
