

Inside I Suffer

Kodak Black

Cosmic got a big blur on his hands

Inside I suffer
Each time I cry, inside I die
Inside I suffer
When I was dead, I heard you said, "That's what you get, you lil black motherfucker"
Inside I cry, inside I cry
Inside I cry like a bitch, but I never
Ayy, got a clip on the k, it look just like the letter itself
The way I thug and the way I fuck, I did alone, I did her wrong, say I can go for the devil himself
This time around I'm guarding my heart so when I step out I leave my feelings on the shelf
I never bitched up, I never cliqued up
Cause I don't fuck with you niggas and I was already a killer before I joined the damn gang
Baby girl done got moist, now she more wet and we ain't need pop the champagne
And I ain't stuntin' no fuck nigga, I just want the game to maintain
Ho, I already know that you fuckin', wild when you be doing the same thing
Ho, I already know that you fuckin'
Cause bitch you ain't never take this long to answer
Everybody hates me like as if when I was dead broke I was better
Your moods have been swinging so crazy lately, this playground making my head hurt
She was so gorgeous, I know that she was a threat, I started liking her and that ain't right that's why I left her
I ain't your ordinary guy, need a woman by my side, but we ain't gotta be together, if they ask
I'm one of the dangerous motherfuck, I'm on them pussy niggas bump, make sure you tell 'em I got Beretta, for they ass
Know you a party time this slumber, I got a cake baked for ya, [?] desert, for your ass
Told 'em even if this ain't your girl, anytime that you hear a bitch
Cleanin' like it is and maybe it could be yours
And bae you know no bitch could take me from you anyway
I'm your man, every now and then just let me fuck a couple girls
I hate I make your heart break, that's not what [?]
Just accept a nigga, what's wrong with a lil threesome?
I'm sorry, I'm sorry, I apologize, waste your time, tell you lies and inconvenience
I was dead, I remember it
Why nobody ever tell me how was that
I don't know if I be back there
I was with Michael Jackson
Climb every mountain

Cosmic got a big blur on his hands

Search high and low, search high and low

Climb every mountain, search high and low
We been through the raindrop, depending on my ho
Climb every mountain, search high and low
Put yo fuckin' foot down, like to moonwalk on these ho's
And we gon' climb every mountain, follow every stream

Follow every rainbow 'til you reach yo dreams
Climb every mountain, you ain't gotta race
Follow every rainbow 'til you find your place
Who knew mess could get you high
They left you for dead, but you ain't die

It is what it is lil nigga better not cry
I wish the best for you cold smacker
I want the best for you, no going backwards
