

Nightmare Before Christmas

Kodak Black

I tried to stay out of love 'cause I'd kill me a bitch
I'm just fuckin' and thuggin' and getting money to lit to commi
t
I got one ho riding my face, another one riding my dick
Like I'm Santa Claus I'd check a nigga off of the list
I'm the nightmare before Christmas
Got a fish tank with no fishes
I was out in the deep end and even Nemo couldn't find me
I ain't changed on nobody
They don't see me that I'm grindin'
Tryna have this nigga packed up and cremated by this Friday
You incapable of standing your ground, you ain't solid
Like a toilet stool, my diamonds don't flush, I'm shit poppin'
But we ain't trippin' 'cause you ain't fuckin' with us, ain't s
hit stoppin'
Now she overcomin' us, when us, she dick hoppin'
Can't be on a Kawasaki, I hate niggas like a Nazi
I know a lot of rappers that try to say "No" to drugs, but they
don't listen
Always givin' back to youngin's in the hood, I know they feelin
gs
I'm a thug but I be out here spreading love like it's the sixth
I start focusing on me I felt so gone on my niggas
Then I'ma ride her so I find myself in fucked up predicaments
But they know you predicting me, low-key niggas been hating
But they benefit they have you in shitty situations
They 'posed to lace you, keep you straight and you the one with
the paper
But nowadays they probably lace you soon as the right time to s
nake you
I'm a shot caller, I'm a shot taker
MJ my baby mama so I buy her Marc Jacobs
I'ma get with ya', can't nobody say a, nigga
I kill killers and I hate haters
All these elevators steppin' take the staircase
The only way you niggas beat me if a catch a Fed case
And ain't no going back, I'm on they ass every day
I'm busy flipping sacks, she get to slang dick through yesterda
y
My sack shit ain't the problem, my dick too good, it just be sl
angin'
I'm posted in the hood but I'm too rich to just be hangin'
I'ma be fifty still bangin', with the youngins throwing' Z's up
I'm from Pompano, we P's down and throw our three's up
She solid like my mama, where she at? I need to find her
Like heard all in Dior, what's so special 'bout designer?
